### AdWiseOnline: Protecting YOU(th) against manipulative digital marketing practices

 BIK Team

AdWiseOnline aims to raise awareness about the digital marketing practices targeted at youth and shed light on the responsibilities that companies and online platforms must uphold to safeguard young consumers from online influences.

### MediaSmartOnline: Spotlighting media literacy initiatives in and beyond Europe

 BIK Team

The main objective of this campaign is to test out an approach developed by MLA and EUN for running a Europe-wide media literacy awareness-raising campaign in collaboration with the Insafe network of Safer Internet Centres (SICs).

### Safer Internet Day

 BIK Team

The 2024 edition of Safer Internet Day took place on Tuesday, 6 February 2024. Discover more about how people united across the globe "Together for a better internet".

### Sharenting: tips for parents and caregivers

 Romanian Safer Internet Centre

In the era of social media, sharenting has become a prevalent practice among parents. Involves the sharing of their child's photos, videos, and milestones online. While the impulse to document and share these precious moments with friends and family is understandable, it is crucial to recognise the long-term implications of this digital footprint on a child's privacy and security.

### World Day for Cultural Diversity for Dialogue and Development 2024

 BIK Team

Today 21, May 2024, marks the World Day for Cultural Diversity for Dialogue and Development. This day, proclaimed by the United Nations, highlights the importance of cultural diversity and the essential role it plays in fostering dialogue, understanding, and sustainable development. In an increasingly globalised world, protecting and promoting cultural diversity is not only a moral imperative but also a strategic necessity for ensuring peace and prosperity for all.

### Embracing JOMO: finding joy in offline experiences

 Romanian Safer Internet Centre

In today's hyperconnected world, where the internet has become an integral part of daily life, a new phenomenon has emerged: FOMO, or the Fear Of Missing Out. This pervasive fear drives individuals to constantly seek validation and connection online, often at the expense of their mental well-being and offline experiences. However, amidst the relentless pursuit of virtual validation, there lies a growing movement known as JOMO, or the Joy Of Missing Out. Explore the dynamics of FOMO and JOMO, their impact on mental health and productivity, and strategies for cultivating a healthier relationship with technology to promote overall well-being in the digital age.
