

FOOTFEST 2026

EUROVILLAGE

GUIDELINES AND REGISTRATION

Registration for a stand at Footfest 2026 is online using the following link

***** LINK TO REGISTRATION FORM *****

The last date to register a stand is 23 April!

- A confirmation of your registration will be sent.
- A stand number will be sent to you closer to the date of the event
- Money from the stand can be delivered during the Footfest day to the finance group room (until 3 pm). **All profits are for Footfest 2026** (profits being surplus money after deduction of costs) and will be distributed amongst the charities chosen for this year.
- The stands will be erected by the Footfest Crew on **Thursday afternoon**
You are welcome to visit your **stand between 16:20 and 18:00 that evening.**
Access to the school site is available for deliveries on Friday from 07:00.
The Tapas buffet will be serving breakfast/lunch throughout the day
A security pass will be issued though this is under review.
- Anyone organising a stand will ensure that the tent and tables are clean at the end of Footfest ready for the crew to dismantle
- A stand is 2 tables, each approximately 2m long and 75cm wide.
In some areas there is 1 stand per tent – in other areas 3 stands share 2 tents
Spare tables are often available – we will try to accommodate any reasonable request
- Electricity is available in most areas of the village
Stand users will need to have their **own extension leads**
Each stand is **STRICTLY LIMITED** to a **TOTAL power demand of 1500W** – please ensure that this is not exceeded as it causes problems for the rest of the village. **Please bring your own extension cables**
- Gas cylinders and cooking with hot oil is not allowed
- Sale of alcohols, wines, beers or energy drinks is not allowed
- The Eurovillage will not begin sales until the opening ceremony is complete (10am)
- Stand organisers are encouraged to be **environmentally responsible.**
Please avoid single use plastics and waste which cannot be sorted for recycling.

- Drinks will be predominately sold by a student stand – an initiative to reduce plastic waste. Re-usable goblets will be available to students using a deposit system. Stands who choose to sell drinks can request a stock of these goblets. If you do plan to sell drinks please try to avoid cans / waste.
- The Student Crew and Security teams will be available to help and can be easily identified by their official t-shirts
- Parking on the school site is not allowed – there is no space, sorry – please park your car carefully in the area around the school as the commune frequently checks that cars do not obstruct walkways or the bus and cycle routes
- Any queries should be addressed to Axel Lombardi or Tibor Pastor via footfest@outlook.com.
