

### **Impact of S6 scores on UK registration records. UCAS.**

If you wish to study in the United Kingdom, you must take contact with Mrs Moira Cronin who will send you a mail with all explanations you need for UCAS application. This information is also published on the school website.

**Mrs Cronin is aware of both students and parents concerns about the end of Year marks and how these will impact on their UCAS predictions**, which are always based on Year 6 End of Year 'C' Marks. Mrs Cronin, who is in charge of the synthesis, **will be in regular contact with your teachers**. They will fill in a form on your A, B etc. grades, but also **on your skills and your ability to progress**.

**About predicted grades:** these are compulsory in the reference Mrs Cronin will write for your UCAS application and are your marks at the end of Year 6 ('C' Marks). These cannot be altered unless there are genuine medical reasons or serious extenuating circumstances. **Some of the students are concerned that this year's extraordinary circumstances may affect their end of year marks** but **THAT THIS IS NOT THE CASE**; **Every effort will be made to guarantee that your final marks are accurate and that universities are provided with the correct and necessary details**. You can be sure that your ability, effort and potential are fully taken into account when calculating your UCAS predictions. These predictions will offer you guidance about which universities / courses you may be eligible to apply for. Be sensible and realistic.
